

2024 NATIONAL JAPAN BOWL SPONSORSHIP GUIDE

32nd National Japan Bowl

The National Japan Bowl is America's premier high school-level Japanese Language competition

Each spring the Japan-America Society of Washington DC brings together 200 of the country's top high school-level Japanese language students for two days of competition, cultural events, and networking.

The National Japan Bowl serves as a critical piece of the infrastructure that fosters the next generation of US-Japan experts. It simultaneously brings a layer of prestige and excitement to American high school Japanese programs, helping educators defend their programs against ever-present budget pressures and funding cuts.

Nearly 70,000 high schoolers across the United States study Japanese as their foreign language. The Japan Bowl exists to recognize and encourage these students.

CHALLENGING

The National Japan Bowl is a highintensity competition that tests the students' knowledge of Japanese language, and of the culture, history, and social context that brings the language to life. The 31st National Japan Bowl will be held at the University of Maryland, on April 13-14, 2023.

The National Japan Bowl's top winners travel to Japan for a week of cultural experiences with host families and Japanese students, and an audience with dignitaries including Her Imperial Highness Princess Takamado, the Japan Bowl's honorary patron. JASWDC has supported the creation of seventeen regional Japan Bowl competitions across America and around the world, giving the program a global impact and visibility.

For the students, Japan Bowl is enjoyable ...and challenging.

The 2021 survey of National Japan Bowl students indicated that 98% of students intend to continue studying Japanese in college, and nearly 90% want to study abroad in Japan for a semester, year, or all four years. Many cite their participation in the National Japan Bowl as inspiration for them to continue pursuing the language.

JASWDC's goal is to strengthen students' interest in Japan and encourage them to continue their study of Japanese. We also hope to foster a cohort of young people who will take a long-term interest in the improvement of US-Japan relations across a variety of fields - from engineering and computer science, to education and political science.

Participating in Japan Bowl motivated me to move beyond just studying a language in the classroom, allowing me to gain cultural awareness and a new understanding of the world. Japan Bowl fostered my passion for Japanese language and culture, encouraging me to continue studying Japanese, and plan to study abroad. Now, as an East Asian Studies major, I strive to use the cultural knowledge that Japan Bowl has given me in the future to promote awareness of Japanese culture and strengthen the US relationship with Japan.

Brandon Jagdhar, Townsend Harris High School (New York)

Rather than just a competition, the Japan Bowl is more of an experience where the friendships and memories we make along the way, the knowledge and understanding we accumulate, and the practical skills we learn are just as fulfilling as fighting for the top. I owe a lot to Japan Bowl, for the study skills and teamwork it instilled in me, for the great bonds I established both at school and during my time in Japan, and for pushing me to focus my current studies and future around Japanese culture — I hope that one day I too will be able to give all the knowledge and lessons I have gained back to the community.

Margaux Gackiere, Cupertino High School (California)

Participating in Japan Bowl was a great experience! It motivated me to learn more about the history and culture of Japan, and it gave me the opportunity to see many amazing things. Because of Japan Bowl I was able to attend the cherry blossom festival in Washington D.C. The performances I saw there by the Taiko groups and the shamisen player Keisho Ono are memories that are special to me. I also had the chance to travel to Japan! I will not forget the people I met on my trip, especially my host family. I went to areas of Japan that most tourists don't get to see, and I found rural Japan extremely beautiful. I am so glad that I got to be a part of Japan Bowl!

Nephi Suyama, American Fork High School (Utah)
