Attention!

Please read the following information before registering for any Intermediate Japanese classes.

Regardless of which course you choose to enroll in, **self-study** is essential. When taking Intermediate Japanese, you must find time outside of classes for self-study. During these courses, you will learn complex grammar, vocabulary, and kanji. There will also be reading and writing components in these courses. Without self-study, it will be difficult to learn, understand and retain these elements of Japanese language.

In addition to maintaining self-study habits, you will be required to complete **assignments** by the deadline before each class. These assignments are designed to enhance each lesson and maximize the time and financial investment you have made by enrolling. Teachers also understand that most students are busy with daytime jobs, school, and other obligations. If you cannot complete your assignments, please consult with your teacher in advance. Our teachers are more than happy to accommodate your requests and provide any suggestions for your Japanese language learning.

You will also be expected to use what you have learned in Beginner Japanese classes.

Please look at the following checklist to assess your preparedness for Intermediate Japanese classes.

- ☒ Can you use appropriate "counters" when asked to count 1 through 10 (i.e., 一つ、二つ〜九つ、十)?
- ☒ In the Beginner classes, you learn approximately 317 kanji. Can you read more than 200 kanji?
- ☒ Can you remember the "音読み(On-yomi) past/present" and "訓読み(Kun-yomi) affirmative/negative" of the kanji you have learned?
- ☒ Can you conjugate adjectives?
Example: Please conjugate "きれいな"、"かわいい" in 現在肯定形、過去肯定形、過去否定形

How many boxes were you able to check off?

If you have...

- 6 or more boxes: we believe you are ready to enroll in Intermediate Japanese classes.
- 5 or fewer boxes: you might not be ready to take the Intermediate Japanese classes. Please either consult with JASWDC to advance to a higher-level course or consider retaking the Beginner I/ II Japanese courses.

It is important to have a strong foundation in Beginner Japanese before proceeding to the next level. You are always welcome to retake the Beginner Japanese courses anytime you feel you want to review what you have learned.
